

Connect to Victims with VINE

Join the NH VINE Service Provider Directory

VINE® (Victim Information and Notification Everyday) is a solution, developed by Appriss, that provides victims of crime with access to timely and reliable offender custody information. In New Hampshire, VINE is administered by the Sullivan County Detention Center.

Offering peace of mind, VINE lets victims call a toll-free number, visit www.vinelink.com, or use the VINELink mobile app to check on an offender's custody status. Victims can also register to receive automated notifications about changes in status via phone, email or text. VINE is currently provided to victims as a free service in 48 states.

The Future of VINE

VINE has been serving victims since 1994. Since then, technology has advanced by leaps and bounds. With the prevalence of mobile application technology in our daily lives, Appriss recognizes the need to modernize the VINE platform to meet the expectations of millions of users annually.

In Spring 2017, Appriss began rolling out a greatly enhanced version of VINE in self-selected states. The enhanced VINE leverages technology to improve the user experience and expand access to services for victims of crime.

Reach More Victims with the NH VINE Service Provider Directory

Fewer than one in ten victims of serious violent crime in the U.S. receive assistance from a victim service agency. Additionally, there is currently no central website or mobile application that lists services for all types of crimes. The new version of the New Hampshire VINE service launching this spring will help bridge this gap. The New Hampshire VINE Service Provider Directory will centralize agency information by offering a new, comprehensive directory of victim service providers in New Hampshire.

By participating in the directory, your organization can connect with **over 500** VINE users throughout New Hampshire. There is no cost for your agency to be added to the directory.

Key Features

Guide Me to a Provider

A self-advocacy workflow helps victims find service providers according to their needs.

Reporting for Service Providers

Coming Soon: Reporting and analytics tools to provide operational support.

Offender Watch List

Victims are able to save offenders to a personalized 'Watch List'.

Service Provider Directory

Directory participants can promote their services to VINE users nationwide.

Confidential User Accounts

User accounts enable improved access to offender information and victim services.

Interactive Voice Response

Callers are able to search for offenders using advanced voice and keypad technology.

Service Provider Search

Victims can select a service provider by location and the type(s) of services they provide.

Service Provider Profile

Victims can view provider profiles for information such as description, location, phone numbers, and website.

Bookmark Contacts

Users can save preferred service providers to 'Contacts' so they don't have to search for them over and over again.

Contact Us

Users can contact service providers directly from the VINELink mobile app, by tapping on the phone number.

NH VINE Service Provider Directory FAQs

Who is participating in the directory?

National, regional and local service providers are participating in the directory.

How do we join the directory?

The Sullivan County Detention Center is inviting service providers to join the NH VINE Service Provider Directory. Please complete the online service provider profile form at apprissafety.com/nhvine.

If you have any additional questions, contact David Berry, Superintendent for the Sullivan County Department of Corrections, at dberry@sullivancountynh.gov or (603)542-8717.

How much does it cost to join the directory?

There is no cost for service providers to participate in the NH VINE Service Provider Directory.

How much work is required once we join?

Service providers are responsible for maintaining the accuracy of their profile information and will have the ability to select which features they want to utilize to connect with victims.
