Greetings! Thank you for your interest in joining the Utah VINE Service Providers Directory. All agencies/organizations must read and review the following criteria and guidelines before submitting their information for review:

- Agencies/organizations must provide services in Utah, regardless of the location of agency headquarters. Services include emergency support, basic needs, counseling, healthcare, legal/financial aid, and children's services.
- Agencies/organizations are required to update and maintain their information annually or as changes occur.

The following will exclude agencies/organizations from participation:

- Discrimination against individuals based on race, color, religion, sex, age (over 40), national origin, disability, sexual orientation, gender identity, pregnancy, childbirth or pregnancy-related conditions, genetic information and membership in the armed forces or reserves.
- Misrepresentation of agency/organization or its services in any way, including non-delivery of services or participation in illegal or fraudulent activities.

The VINE Program Manager will screen all submissions. Submission of the Service Provider Form does not guarantee inclusion in the directory. Please contact the Utah VINE Program Manager with any questions about inclusion/exclusion from the Service Provider Network: Daisy Hodson (801) 965.4721, [dhodson@utah.gov](mailto:dhodson@utah.gov).

We look forward to working with you to empower Utah victims of crime with accurate, up to date information about the many helpful and vital resources available to them.
